

LIFE THROUGH YOUR LENS

PHOTOGRAPHY EXPEDITION VOYAGES

Learn techniques from professional photographers
while exploring remote corners of the world.

6 VOYAGES IN 2015

8 VOYAGES IN 2016

A PICTURE IS WORTH A THOUSAND MEMORIES

Silversea Expeditions offers a series of highly immersive Photo Expedition voyages to mesmerising destinations. Join our professional photographer, to enjoy onboard lectures, workshops and informal tips to help you get the best out of your photography equipment and capture some of nature's unexpected moments.

EXPEDITION HIGHLIGHTS

- Join our photographer on photo walks and Zodiac® tours
- Learn how to take pictures like a pro
- Discover how to get the best out of your camera equipment
- Review and learn to edit the images you've taken

Learn to Photograph Enchanting Destinations Like a Pro

Embark on a voyage that takes you well off the beaten path, to destinations that will excite your imagination like no other. A Silversea Expedition will inspire your sense of adventure, introducing you to captivating landscapes and charming local villages. You'll encounter wild animals, exotic flora and fauna, and fascinating cultures.

The experiences you'll have on your voyage aboard one of Silversea Expeditions ships will create a lifetime of memories

— and ones that you'll undoubtedly want to immortalise on camera. And having a photographer help you capture these unique moments can make the difference between a good picture and a great one.

Our photographer will be holding several workshops to provide you with tips on how to compose the most visually striking photographs, and show you how to get the most of your camera's settings to create extraordinary images.

It's one thing to visit a place, but it's another to immerse yourself in it. Not just to see the sights, but also to meet the people, understand the history, drink in the culture, and get to know the wildlife.

MEET THE EXPEDITION TEAM

Juan Carlos Restrepo
Expedition Leader

Juan was born in Manizales, a coffee growing city in the Colombian Andes. He was initiated into the boating world at a young age. Later, he obtained his Master's of Geology from the Universidad de Caldas in Colombia. A passion for travel and the great outdoors have taken this Colombian to all the continents and oceans of the world. During his time abroad he worked on luxury mega yachts as a Dive Master in the Caribbean, the Mediterranean, the Indian Ocean, Mexico and Thailand. His travels eventually led him into the expedition cruise world both as expedition leader and lecturer in geology.

Richard Sidey
Senior Onboard Photographer
Richard Sidey has spent more than a decade photographing the Polar Regions, along with myriad other remote areas of the world while working as an expedition photographer. As Senior Photographer for Silversea Expeditions, Richard leads a team of dedicated professional photographers to document every voyage — preserving memories and experiences, and capturing the spirit of each expedition.

01 Walrus, Anastasiya Bay, Kamchatka
02 Atlasova, Kuril Islands

Stefan Kredel
Senior Expedition Leader & Geologist
Stefan Kredel grew up in South Germany and studied Geology and Palaeontology at the Ludwig Maximilians University in Munich. Stefan has been a lecturer onboard expedition ships since 1998. Since his first voyage to Antarctica, he has extended his knowledge of the globe to Svalbard, Iceland, Greenland, Northwest Passage, Aleutians, Kamchatka, the Kuril Islands, the North Pole, the west coast of Africa, many islands of the South Pacific and the exotic Amazon.

Each Silversea Expeditions voyage is led by a team of 11 experts*: marine biologists, naturalists, anthropologists, geologists and historians, hand-picked for their knowledge, passion, warmth and friendliness. Here is a sample of the Expedition Team you'll meet onboard *Silver Discoverer* and *Silver Explorer*. Your Expedition Leader and Captain will work together to ensure opportunities for adventure and exploration are the best possible, taking into account prevailing weather activity.

*The Expedition Team members scheduled for these voyages can be subject to change or cancellation.
